

*This Register is confirmation that the persons named below
have successfully completed by participation and written test
the PCCE Training Course*

Fire Detection and Alarm Systems
3rd Party Certified Design Applications Course (Course Ref. F2)

A training course of three day duration encompassing a detailed review of the Irish National Standard I.S. 3218: 2009 and instructions on design applications with workshop sessions. The course was followed by a separate 2.5 hour written examination with a minimum pass level of 60%.

This course has been certified as being to NFQ Level 6 Special-purpose Level by the 3rd-party Certification Organisation Management Systems Certification in Wexford, an INAB accredited organisation

The Award is for the Individual and not the Company or Organisation. It remains with the individual even where their employment conditions change. The Company/Organisation may not reference this award if the individual is no longer employed by them

It is intended that the successful completion of this course is a contributory element to the assessment of competence of the participant to undertake work of this nature.

Successful Participant	Company/Organisation
Name	Employer
Ken Sheridan	24/7Security
Alvin Gunning	Alvin Gunning Ltd
Andrew O'Rourke	Andrew O'Rourke & Associates
Philip O'Donnell	Apex Fire
Richard Barron	Barron Fire And Safety Ltd
Barry Lyons	Barry Lyons Designs
Brendan Moore	Brendan Moore Architecture
Anthony Johnson	Brian King Electrical
Ciaran Peyton	Central Electrical Services
